CAMBRIDGE ILLUSTRATED HISTORY

China

Patricia Buckley Ebrey
Foreword by Kwang-Ching Liu

"The splendid collection of pictures displays painstaking research. But it is the author's careful and clear synthesis of China's long history that is most remarkable. This book will, in time, I believe, be regarded as a classic."

Kwang-Ching Liu

Combining lavish illustration with a highly authoritative text, Patricia Ebrey, in an extraordinary *tour de force*, gives us a major new political and social history of China, covering over 8000 years, from the earliest times to the approach of the new millennium.

- "Patricia Ebrey's *Illustrated History of China* is a fine book, sumptuous and scholarly. With great economy of text, it outlines the major elements and changes in four millennia of Chinese history and social life; the art work and photographs, skilfully chosen and admirably reproduced, both illuminate the text and supplement it."

Jonathan Spence

- "few scholars could command a knowledge of all the work necessary to write this book ... The pictures are uniformly well-chosen, unhackneyed and well produced."

The Times Higher Education Supplement
