

ESTUDIO**ALPINA**^{*}®

We are an industrial design agency.

DESIGN & INNOVATION

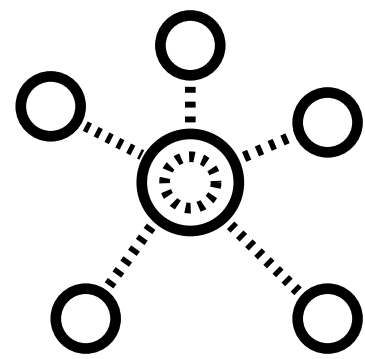

We offer a comprehensive service of design and innovation.

We develop inspiring products and services that connect with consumers.

We help organizations to grow and acquire competitive advantages in the market.

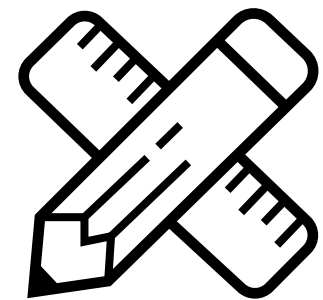

3 STAGES

We stand by your side from idea to implementation.

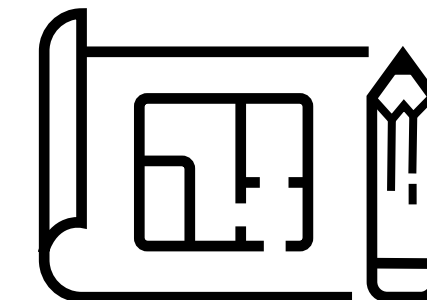

1 - PROJECT ANALYSIS

We generate innovative user-centered ideas.
We research to discover new opportunity scenarios.

2 - DESIGN & PROTOTYPES

We propose effective solutions to turn ideas into concrete objects.
We build prototypes to iterate and learn.
This is a systemic approach that guarantees efficiency and effectiveness in our goals.

3 - TECHNICAL DOCUMENTATION

We use our expertise in manufacturing processes and engineering for a correct selection of technologies.
We build technical documents, manage suppliers, and oversee manufacturing.
