

# Let's build what's next together.

We drive innovative artificial intelligence technologies, from disruptive startups to large-scale enterprise systems.

## Innovation

Darwoft transforms businesses through digital innovation. With cutting-edge software products, we elevate brands and position companies as leaders in their industries. Additionally, we help to amaze customers with unparalleled experiences and drive success with Virtual Reality solutions.

+15 years  
over 15 years of experience

## MVP

Darwoft delivers a high-quality MVP in just 4 months. Our Scrum team turns ideas into reality by applying best practices and creating reusable components. This way, we minimize costs and efforts while maximizing value to meet the immediate needs of the business.

+200 Devs  
+200 new members worldwide

## Data

Darwoft helps collect and analyze real-time and historical data to increase productivity. This allows for visualizing the current state of the company and strategically planning the next move based on accurate information about personnel, resources, and customers.

new members on board

### OUR SERVICES

We offer innovative experiences and turn ideas into realities.

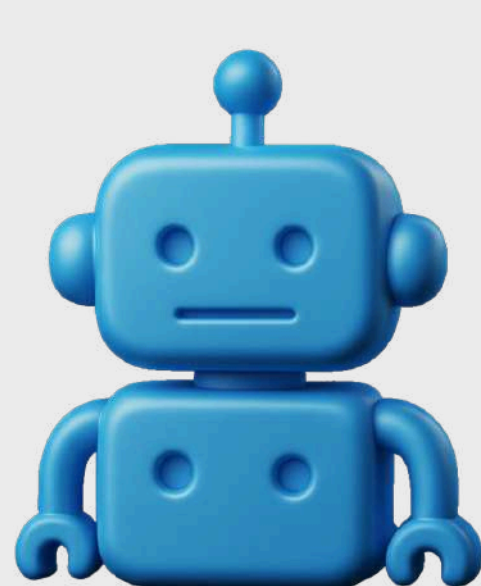

## Outsourcing

TALENT WITH EXPERIENCE, COMMITMENT, AND AGILITY TO TAKE YOUR PROJECTS FURTHER.

## UX/UI

WE APPLY BEST PRACTICES AND THE LATEST SOLUTIONS TO IMPROVE USER EXPERIENCE AND SATISFACTION.

## Data + AI

WE TRANSFORM YOUR DATA AND DRIVE YOUR DIGITAL TRANSFORMATION WITH AI.

## MVP

MINIMUM VIABLE PRODUCT DEVELOPMENT IN 4 MONTHS.

## App Modernization

WE ENHANCE THE USABILITY AND SCALABILITY OF YOUR APPS FOR LONG-TERM USE.

### INDUSTRIAS

We drive the digital transformation of companies across various industries.

## Health

Over 10 years of experience in developing data systems for clinical management, through strategic partnerships with health companies and technology providers. Machine Learning, Data Analytics, and Artificial Intelligence applied to clinical and operational use cases in the health sector.

## Retail

By using Data and Artificial Intelligence, we improve decision-making for consumers of mass-market products and transform data into actionable sales strategies.

## Telecommunications

We develop solutions for leading companies in the sector in Argentina that enhance the efficiency and consistency of all their platforms.

## E-Commerce

We create e-commerce solutions for clients across LATAM that enable efficiency, scalability, and integration with platforms.

## AgroTech

We generate reporting systems with Data and Artificial Intelligence that enhance decision-making, accuracy, and efficiency throughout the production chain.
