## Success Stories between Australia and Argentina CQU/INTA – ZoomAgri /InterGrain

### The main goals of the webinar are:

To present the Argentine and Australian AgTech ecosystems and highlight complementarities over competition between the two countries in the sector of technologies applied to agriculture.

To position Argentina and Australia as strategic partners to supply technology for the agricultural sector worldwide.

To support cooperation projects between institutions of both countries specialized in agricultural development and innovation.

To detect investment possibilities and generation of joint ventures between Argentine and Australian companies linked to Agtech.
