NAHUAL IT
INCLUSIVE TECHNOLOGY

We have the talent and experience to enhance your software quality

About us

We are a social enterprise that drives the growth of our clients and promotes human values through high-quality technological services.

Awards and Certifications

- 2019 - **Sadosky Award (CESSI)**
  Category: "Social Inclusion"
- 2010 - **B Company Certification**

SOFTWARE TESTING

We ensure the quality of your software through testing that enables the early detection of deviations in its performance, so your team can stay focused on development.

TEST AUTOMATION

We have the expertise and tools to automate testing, optimize resources, and free up time for new developments. We also carry out stress, load, and web services testing, evaluating your software under maximum demand scenarios.

WEB AND MOBILE ACCESSIBILITY

We work together with your team to make digital content accessible to everyone. We apply WCAG standards to help you comply with U.S., European, and Brazilian regulations, while achieving the highest standards in the industry.
