

Who We Are.

We are a startup founded in Corrientes, Argentina, that develops software and AI-based solutions. We support companies and governments in their digital transformation journeys.

Our Mission.

To democratize access to cutting-edge technology by connecting innovation with real impact.

We believe artificial intelligence can solve structural problems — and we want Corrientes to be the epicenter of that revolution.

Trusted by our clients.

- Integrations with Gmail, Excel, WhatsApp, CRMs, n8n, and more...

Our Team. the tobgroup team

Our Vision.

We want Corrientes to lead technological innovation in Argentina. We dream of becoming the **Franco Colapinto of software** — with the support of our province.

We seek **institutional and financial support** to scale our AI solutions, create skilled jobs, modernize the public sector, and export intelligence made in the Litoral.
