## Vivi Maidanik

I'm an illustrator and graphic designer from Argentina. My curiosity has taken me across mountains, seas, and jungles, and to cities like Barcelona, Milan, Oslo, Paris, and Vancouver. These experiences have deeply influenced my storytelling, driving me to explore—through both image and word—the unique relationship between people and the places they inhabit.

I specialize in children's illustration, editorial illustration, book covers, and pattern design.

I'm always looking for new projects and would love to hear about your ideas!
